

# BOOK YOUR 1-2-1 MEETINGS WITH **SALTWATER STONE** CLIENTS

Book your 1-2-1 meeting with Saltwater Stone clients at boot Düsseldorf 2024

Jan 17, 2024 10:00 GMT

## Media Alert: Schedule your meeting with Saltwater Stone clients at boot Düsseldorf 2024

Saltwater Stone's clients are exhibiting at boot Düsseldorf from Saturday 20<sup>th</sup> – Sunday 28<sup>th</sup> January. We are pleased to offer one-to-one media interviews during the show at your convenience.

Kindly send an email to the appropriate Saltwater Stone PR manager, indicating the client you wish to meet and your preferred date and time for the interview. We will arrange the meeting accordingly. This approach aims

to minimise any waiting time for you to connect with a company representative.

### **YANMAR MARINE INTERNATIONAL – Stand: Hall 10/A40**

YANMAR Marine International leading specialists in sailboat and small craft engines, powerboat engines, light-duty commercial engines, propulsion and manoeuvring systems.

Spokesperson: Michele Durkin, Marketing Manager; Floris Lettinga, Global Sales Manager.

Topics: Green innovation, (showcasing HVO approved engines), reveal video of YANMAR E-Sail Drive – launching later in 2024, product updates, industry partnerships, commitment to high performance through new generation technology, official sponsors of 37<sup>th</sup> edition of the America's Cup.

PR Contact: Charlotte Bulloch - Tel: +44 (0)1202 669 244 Email: [c.bulloch@saltwater-stone.com](mailto:c.bulloch@saltwater-stone.com)

### **SMARTGYRO – Stand: Hall 10/A40**

Smartgyro is a gyro stabilization technology specialist with a mission to elevate the entire boating experience with its complete range of advanced gyro stabilizers. Ideal for new builds and refit installations on recreational powerboats and light duty commercial vessels, the leading Smartgyro stabilizers offer significant performance, efficiency, installation and maintenance benefits for boat owners, vessel operators and boatbuilders.

Spokespersons: Carlo Gazerro, Sales Manager; Sander Gesink / Elena Ratti, Marketing and Communication

Topics: Technological innovations and expansion of product range, modular design easy install and maintenance, global dealer network, 10<sup>th</sup> anniversary milestone in 2024, strategic partners.

PR Contact: Charlotte Bulloch - Tel: +44 (0)1202 669 244 Email:  
[c.bulloch@saltwater-stone.com](mailto:c.bulloch@saltwater-stone.com)

**VETUS B.V.** – Stand: Hall 10/A40

A key theme for VETUS at boot Dusseldorf 2024 will be sustainable boating. VETUS will also be talking about its partnerships with OEMs such as Mercury, Yamaha, Yanmar and Dockmate. The integration of VETUS's BOW PRO thrusters with inboard and outboard engines and with wireless remote docking systems enables optimal control over vessels of all sizes. Also on display will be Maxwell Marine's latest anchoring systems technology.

For more information, visit: <https://vetus.com/>

Spokesperson: Sander Gesink, Tel: +31 (0)6 15550101, Email:  
[sgesink@vetus.com](mailto:sgesink@vetus.com)

PR Contact: Karen Bartlett - Tel: +44 (0) 7442 925220, Email:  
[k.bartlett@saltwater-stone.com](mailto:k.bartlett@saltwater-stone.com)

*Ends*

Catch up with the following Saltwater Stone clients who will be either exhibiting or working at the show: YANMAR Marine International, Smartgyro, VETUS and Peters and May.

For further queries, please call the office on +44 (0)1202 669244.

*Wishing you a successful and enjoyable show!*

**KONGSBERG DIGITAL** is an industrial software company shaping the future of work by changing how businesses design, operate, and maintain their assets. Businesses trust us for our innovative carbon capture and storage technology, new energy ventures towards net zero, voyage optimization, emissions reduction, and technology to help balance grids and complex power systems. We are transforming carbon-intensive industries by providing industry-leading solutions that extract value from industrial data. We enable businesses to connect physical assets to an industrial work surface, serving as one common infrastructure for decision-making across the value chain.

Kongsberg Digital holds a prominent position as a premier provider of maritime simulation technology. This technology is widely embraced by maritime research and training centres across the globe, serving as a cornerstone for training both students and crew members. Moreover, it facilitates advanced studies in crucial domains such as human factors, port development, operational verification, digital twins, and the pioneering realm of autonomous shipping operations.
