Dometic - London Boat Show (Release 3 of 3): Dometic CoolMatic CRX65D Fridge with Removable Freezer is Practical Solution for Boat Owners

London Boat Show 2018, ExCeL, 10th to 14th January, Dometic / Fischer Panda Stand LC028

Refrigeration specialist expands award-winning CRX range with first 3-in-1 marine drawer fridge

The Dometic CoolMatic CRX65D compressor drawer fridge with removable freezer is a versatile and practical three-in-one cabinet solution for boat owners.

The elegant new 57-litre capacity unit is the first marine drawer fridge with freezer compartment which can be easily transformed into a larger capacity fridge-only or freezer-only unit.

The 7-litre freezer section can be removed to adapt the unit as required, for storing fresh food and also deep freezing produce in temperatures as low as 17°F (-8°C). Two removable basket compartments allow users to organise their provisions in accessible, slide-out rows.

The CRX65D features a flush-mount electronic thermostat control panel with 5 temperature setting points, located on the interior side wall where users can easily reach it to make precise soft-touch adjustments.

An infrared sensor triggers a bright LED-light system to illuminate the interior.

Ensuring efficient performance, reduced power consumption and quiet operation, the DC-powered fridge (12/24V) uses an advanced, powerful electronic three-speed variable compressor which adjusts automatically to achieve the required cooling capacity. The fan is driven by the ambient temperature to minimise the noise. The fridge is also suitable for solar operation.

The CRX65D unit has a temperature range of 0 to 12°C for the fridge compartment and -6 to -12°C for the freezer compartment. It has a power consumption at 5°C of 16 watts (1.3 amps at 12V) at an ambient temperature of 25°C, or 28 watts (2.3 amps at 12V) at an ambient temperature of 32°C.

Saving vital space on smaller boats, a special cut-out design on the back of the fridge allows the unit to be fitted against the vessel's hull.

The sleek Dometic CRX65D fridge is available in silver grey, with a stainless steel version also available.

The Dometic CRX65D fridge is priced at £831.22 excluding VAT.
