Last Call: Oceanology International's 'Call for Papers' Deadline Approaching - Join The Elite List

London, 30th August 2023 - Oceanology International (Oi), the leading global exhibition for marine science and ocean technology, officially launched its 'Call for Papers' in June for the next event, Oceanology International 2024 (Oi24), which will be held at ExCel London from 12th to 14th March 2024. The Oi team has spoken to numerous ocean professionals about how they can get involved by contributing content for this world-

leading event.

Conference Manager, Carlos Fernandes notes that he has been speaking to researchers, academics, and industry leaders in the pursuit of bringing together the very best conference the event has hosted.

“With just three weeks to go until we close our ‘Call for Papers’ campaign, we continue to seek content from the sector to ensure that Oi offers the best possible learning experience for attendees. Speakers who are selected will follow in the footsteps of an elite list of ocean professionals that has included Dr Rick Spinrad, Under Secretary of Commerce for Oceans and Atmosphere & NOAA Administrator, Captain Don Walsh, Victor Vescovo, Managing Partner and Co-Founder, Insight Equity and Patrick Lahey, President and Managing Partner, Triton Submarines.’ said Carlos.

With a rich history spanning over 50 years, Oceanology International has consistently served as a vital platform for knowledge exchange, networking, and collaboration within the ocean, science, engineering, and technology community. The event brings together industry leaders, academia, government bodies, and stakeholders to explore the latest developments, share ideas, and address challenges in the field.

The ‘Call for Papers’ is a crucial component of Oceanology International’s commitment to fostering learning and innovation within the industry. It encourages individuals and organisations to contribute to the event’s technical conference programme by submitting papers that cover a wide range of topics, including but not limited to:

- Asset Integrity & Monitoring
- Climate Mitigation & Adaption
- Ocean ICT
- Ocean Observation & Measurement
- Offshore Energy
- Navigation & Positioning
- Uncrewed Vehicles & Vessels
- Data Interpretation & AI

Mike Enser, Oi’s Marketing Manager said, “The conference presents an invaluable opportunity for experts and professionals to showcase their cutting-edge work, share insights, and ultimately grow their personal or

corporate brand. We look forward delivering a rich, thought-provoking conference that will delight and educate in equal measure.”

Prospective speakers are invited to submit their proposals by 12th September at www.oceanologyinternational.com/london/en-gb/forms/call-for-papers.html. The submissions will be reviewed by a panel of experts in the field and selected speakers will have the chance to present their ideas, research findings and case studies to a global audience of peers, stakeholders, and potential collaborators.

Oi24 will also feature an exhibition floor where companies and organisations will showcase their products, services, and solutions to a targeted audience seeking the latest advancements in marine technology.

For more information about the ‘Call for Papers’, event registration, or sponsorship opportunities, please visit www.oceanologyinternational.com.

About the Oceanology International Portfolio

Oceanology International is the world’s leading marine science and ocean technology exhibition and conference. Beginning its journey in the UK in 1969, Oi has established itself as a truly global portfolio, with events running

in London, San Diego, Shanghai and Abu Dhabi.

Oceanology International offers a series of global and regional forums where industry, academia and government share knowledge and connect with the marine technology and ocean science community, improving their strategies for exploring, monitoring, developing and protecting the world's oceans.

The Oceanology International portfolio includes:

- Oceanology International - London: Oceanology International is the world's largest exhibition and conference dedicated to serving all professionals working in the global marine science and ocean technology sector. The first Oceanology International was held in Brighton, in 1970. Today, its home is at ExCeL London.
www.oceanologyinternational.com
- Oceanology International Americas - San Diego: Returning to the thriving US blue economy hub of San Diego, Oi Americas is a growing regional showcase of technology solutions and services with an expected audience of 2,750 attendees from 30+ countries. www.oceanologyinternationalamericas.com
- Oceanology International Middle East - Abu Dhabi: Held at the Abu Dhabi National Exhibition Centre (ADNEC), the latest addition to the Oceanology International portfolio focuses on the Middle East and Indian Ocean region's growing application of ocean technology across a variety of end-user sectors from Ocean Science to Aquaculture to Offshore Energy and more. www.oceanologyinternationalmiddleeast.com
