Sika UK: Sika® Returns to Scotland Boat Show for Ask the Experts

Scotland Boat Show, Kip Marina, Inverkip, 14-16th October

For the second year running, Sika® has been asked to participate in Practical Boat Owner's 'Ask the Experts Live' practical talks and demonstrations at the Scotland Boat Show. The UK's third largest boat show will take place at Kip Marina, Inverkip from 14th to 16th October.

Joining a number of industry professionals on the RYA Scotland Stage will be Sika® UK's technical marine expert, Gareth Ross who will offer practical advice and demonstrations during the 'Essential Sealant Tips & Tricks' session.

2016 marks Gareth's 27th year at Sika® and he has been working in a technical capacity with sealants and adhesives in the marine industry since 1996, supporting all types of user applications from DIY to Superyacht construction. "These practical sessions offer an excellent opportunity to be able to meet and educate people who may not know the full potential of Sika's Marine range of products. I am always open to as many questions as people want to throw at me," said Gareth.

All visitors to the show are welcome to the free talks and can just turn up on the day.

This year's Scotland Boat Show will be opened by HRH The Princess Royal on Friday 14th October as part of the show's 30th anniversary celebrations.
